## Concept™ Asbestos Module

### Introduction

The Asbestos module provides users with the appropriate tools necessary for recording asbestos survey results, and enables users to keep a track on Asbestos Containing Materials within their buildings in accordance with HSE (Health and Safety Executive) legislation.

This course has been designed to introduce attendees to the core aspects of the module and its relationship with your Concept™ system.

### Target Audience

This one-day course is ideally suited for Concept™ users who are responsible for monitoring of Asbestos Containing Materials within their buildings.
